

CERTIFICATE OF COMPLIANCE

Certificate Number 20181025-E350936
Report Reference E350936-20181022
Issue Date 2018-OCTOBER-25

Issued to: NINGBO SNAPPY OPTOELECTRONICS CO LTD
NO 56 KEDA RD
NATIONAL HI-TECH PARK
NINGBO
ZHEJIANG 315000 CHINA

**This is to certify that
representative samples of**

COMPONENT - DRIVERS FOR LIGHT-EMITTING-DIODE
ARRAYS, MODULES AND CONTROLLERS
See next page

Have been investigated by UL in accordance with the
Standard(s) indicated on this Certificate.

Standard(s) for Safety:

UL 8750 Light Emitting Diode (LED) Equipment for Use in
Lighting Products
CSA C22.2 NO. 250.13-17 Light Emitting Diode (LED)
Equipment for Lighting Applicants

Additional Information:

See the UL Online Certifications Directory at
www.ul.com/database for additional information

Only those products bearing the UL Certification Mark should be considered as being covered by UL's
Certification and Follow-Up Service.

The UL Recognized Component Mark generally consists of the manufacturer's identification and catalog
number, model number or other product designation as specified under "Marking" for the particular
Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products
that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark:
 may be used in conjunction with the required Recognized Marks. The Recognized Component Mark is
required when specified in the UL Directory preceding the recognitions or under "Markings" for the individual
recognitions.

Recognized components are incomplete in certain constructional features or restricted in performance
capabilities and are intended for use as components of complete equipment submitted for investigation rather
than for direct separate installation in the field. The final acceptance of the component is dependent upon its
installation and use in complete equipment submitted to UL LLC.

Bruce Mahrenholz, Director North American Certification Program
